3RD ANNUAL
THE EYES OF A CHILD
BASIC CONCEPTS IN PEDIATRIC EYE CARE

SATURDAY, SEPTEMBER 20, 2014
CROWNE PLAZA HOTEL SACRAMENTO NORTHEAST
SACRAMENTO, CA

WHO SHOULD ATTEND:
Pediatricians, Nurse Practitioners, Physician Assistants, School Nurses, Optometrists, Family Practice Doctors, and Eye Technicians

HIGHLIGHTS:
• Triage eye urgencies and emergencies
• Screen for vision disorders
• Perform an accurate measurement of visual acuity in a school age child
• Diagnose amblyopia in a child
• Learn fundamentals of pupil assessment, direct ophthalmoscopy and strabismus evaluation

This activity is self-supporting and receives no state funding.

Sponsored by:
UC DAVIS HEALTH SYSTEM
Office of Continuing Medical Education
and UC DAVIS EYE CENTER
September 20, 2014

7:00 am  Registration, Continental Breakfast, Visit Exhibits

8:00  Welcome and Course Objectives

8:10  Knowledge Assessment; Pre-Test

8:15  Eye Anatomy and Physiology
James Ruben, MD

8:45  Eye Trauma

NEEDS ASSESSMENT
This course is designed to improve clinical competence in the field of pediatric ophthalmology and was developed for the primary care clinician, allied health personnel, ophthalmic technicians, and school nurses involved in the day-to-day care of children.

The examination of a child’s eye varies greatly from that of an adult. The eyes of a child are dynamic and growing, and the examination must be tailored to the developmental level of the child. This live, one-day activity will provide examination techniques to increase accuracy in the pediatric eye examination. Special topics such as contact lens issues, eye trauma and the examination and care of special needs children will be addressed. Common eye problems such as amblyopia and strabismus will also be discussed. In addition, an interactive panel of pediatric eye doctors will answer questions about common clinical scenarios with input from the audience.

As a result of course participant evaluations and community physician annual needs assessment surveys, the need for cutting edge information about pediatric ophthalmology has been identified. This conference will specifically address the identified educational needs and provide practitioners with state-of-the-art tools to provide improved treatment options for their patients. Faculty presenting and interacting with participants at this activity have been selected on the basis of their comprehensive clinical experience and academic excellence.

EDUCATIONAL OBJECTIVES
At the end of the program, participants should be able to:

- Identify the basic anatomy of the eye.
- Discuss the immediate treatment and triage of pediatric eye trauma.
- Perform an accurate measurement of visual acuity in a school age child.
- Examine the eye alignment of the child and detect abnormalities.
- Perform an accurate examination of the eyes of a child with special needs.
- Improve their basic eye examination skills.
- Differentiate emergent from non-emergent contact lens problems.
- List the features of an accurate visual acuity testing setup and describe how to perform age-appropriate visual acuity assessments.
- List the definition of amblyopia, predisposing factors, and how to effectively screen. Learn the important criteria for referral to an eye care provider.
- Discuss the examination methods of testing for strabismus, including the Hirschberg test, and the cover-uncover and cross-cover tests. Discuss when to refer children for further evaluation and what ocular and systemic conditions can predispose to strabismus.
- Discuss normal ocular anatomy, and the features of common, potentially vision threatening, ocular trauma.
- Review the needs of children with developmental delays and special needs, and the vision assessments from which they may benefit.
- Review the indications for contact lens wear, good hygiene practices, and signs and symptoms of contact lens-related infections.

ENROLLMENT
Please register early – space is limited.
Tuition is $245 for Physicians, Optometrists, $175 for Nurses, Nurse Practitioners, and Trainees, and School Nurses are $125 with a request letter from their principal. Confirmation of registration will be sent within two weeks after receipt of enrollment form. The fees will increase after July 25, 2014.

Tuition includes continental breakfast, refreshment breaks, lunch, electronic syllabus, and an online certificate of attendance. Tuition may be paid by check, American Express, Discover, MasterCard or VISA. Cash is not accepted. Program materials cannot be guaranteed unless enrollment is received by August 25.

Registration forms received without payments will not be processed until payment is received, and payment must follow within 10 days. Early discount rates are honored if payment is received by the date noted on the registration form. After that date, the late fee is applied.

CANCELLATION AND REFUND POLICY: A refund of tuition, less $75 administrative fee, will be allowed if requested in writing by August 25, 2014. No refunds will be provided after this date.

ACCREDITATION
The University of California, Davis, Health System is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION

PHYSICIAN CREDIT: The University of California, Davis, Health System designates this live activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ acceptable for interprofessional team members

NURSE: For the purpose of relicensure, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credits™ issued by organizations accredited by the ACCME. For the purpose of relicensure, the California Board of Registered Nursing accepts AMA PRA Category 1 Credits™ (report up to 6.5 hours of credit and fill in “CME Category 1” for the provider number).

PHYSICIAN ASSISTANT: The National Commission on Certification of Physician Assistants (NCCPA) states that AMA PRA Category 1 Credits™ are acceptable for continuing medical education requirements for recertification.
